

Farm-to-Farm Triways Disposal Bins

The bins will be delivered to the farm sites through the month of May.

Once the bins are all delivered the 30-yard garbage bin will be removed at the transfer landfill site.

Open to the public: recycling, clean wood, yard waste, scrap metal, appliances, chemical jugs will continue to be accepted.

The hours for the transfer site won't change.

***The landfill transfer station will no longer be accepting garbage of any kind after May 31, 2024.**
